## EDUCATION

**Bhadrak Autonomous College**

*Bachelors in Commerce - CGPA - 7.69*

**08 2019 – 08 2022**

*Bhadrak, Odisha*

**Rameshwar H.S. School**

*Higher Secondary Certification - Commerce - Percentage - 71%*

**04 2017 – 04 2019**

*Bhadrak, Odisha*

## COURSEWORK / SKILLS

- HTML 5
- CSS 3
- JavaScript
- V8 Engine
- Tailwind
- React.js
- Redux
- Core Java
- OOPS Concept
- System Design
- Git and Git Hub

## PROJECTS

**YouTube Clone**  | [ReactJS](#), [redux](#), [API-V3](#), [Debouncing](#), [Axios](#), [TailwindCss](#), [HTML5](#)

**07 2024**

- Built a dynamic and responsive user interface using ReactJS, leveraging its component-based architecture for modular development.
- Implemented Redux for efficient state management, ensuring consistent and predictable application state across different components.
- Utilized the YouTube API-V3 to fetch and display video data, including search functionality, video details, and related videos.
- Implemented debouncing techniques to optimize search functionality, reducing API call frequency and enhancing user experience.
- Used Axios for asynchronous HTTP requests to the YouTube API, handling data fetching and error handling. Styled the application using Tailwind CSS, ensuring a modern and responsive design with utility-first CSS.
- Implemented client-side routing using React Router, enabling smooth navigation between different pages and components.

**Buy-Buzzar**  | [Firebase](#), [ReactJS](#), [JavaScript](#), [Tailwindcss](#), [Jsx](#), [Node.js](#)

**06 2024**

- Developed a full-stack e-commerce application using Firebase, React.js, and Node.js, leveraging Tailwind CSS and JSX for modern styling and structuring.
- Implemented secure user authentication and authorization with Firebase Authentication, and integrated real-time database functionalities with Firebase Firestore.
- Designed and deployed RESTful APIs to manage product listings, user data, and transactions, ensuring smooth data flow between client and server.
- Ensured a responsive and intuitive user interface, enhancing user experience across devices through dynamic product filtering, search functionalities, and rigorous testing.

## TECHNICAL SKILLS

**Languages:** Java-Basics, JavaScript

**Developer Tools:** VS Code, IntelliJ Idea Ultimate, Postman, netlify

**Technologies/Frameworks & API's:** node.js, express.js, react.js

**Soft Skills:** Time Management, Team Work, Problem Solving, Engaging Presentatio

## CERTIFICATIONS

- Front End Development Libraries
- Project Management Foundations: Teams
- Salesforce Administration
- JavaScript Certification
- Basics of HTML5 and CSS3
- Google Analytics for Beginners
- Java (Basic)
